Created by the Midlands and Lancashire CSU's Digital Innovation Unit, in conjunction with the North Staffordshire GP Federation and the South Cheshire and Vale Royal GP Alliance. Find Me A Locum has been designed and developed by people at the sharp end of general practice: Practice Managers wanting to find high quality Locums quickly and GPs wanting to work more flexibly.

Leading digital innovation from within the NHS

www.findmealocum.co.uk

**Designed by the NHS, for the NHS,
used by the NHS today**

- Find Me A Locum is a digital service
- For Doctors and GP Practices across the UK
- Quick and easy to use
- Save time and money
- Flexible and efficient
- Affordable pricing and free upgrades

For GP Locums

Increase your opportunity to work flexibly

- Download the **Find Me A Locum** app
- Register quickly and easily
- Select areas you will travel to
- See the sessions available
- Receive alerts on mobile for urgent vacancies
- Personal planner

For GP practices

Find a locum - quick, secure and low cost

- Take the hassle out of filling locum sessions
- Accredited locums in seconds not hours
- A full audit trail in line with CQC recommendations
- Reduce your reliance on recruitment agencies
- Save money in year

Find Me A Locum has taken the stress out of finding GP Locums. It's made it easy to fill our locum sessions quickly, with experienced, knowledgeable, reliable clinicians. I highly recommend this fabulous resource to practices.

Kirsty Moore
Practice Manager

Find Me a Locum has become my main way of accessing locum sessions. I find it: clear, up-to-date and easy to use, I have a broader circle of practices that I am connected with, and it has helped me to stay local to the Staffordshire area without having to look elsewhere for work.

Dr David Weldon MRCSEd MRCGP
Locum Sessional GP
